PROPER PROMPTING

1. Put AI into context, assign a role

- “You are high school English teacher / professor of mathematics in Cluj, Romania”

2. Define the goal

- Write me instructions / Summarize the text / Write 10 examples of good practice / Convert the text into a formal tone / provide me with internet links

3. Set parameters and restrictions

- Answer briefly; use/don't use the internet; use only scientific sources; ...

The Waterkeepers' Trial

- We discovered an ancient, archived video to uncover the deep hidden secret. To find out about the secret you have to go to:

<https://app.questionwell.org/play/DNYQZW>

- Let the secret reveal itself !
